## STATISTICS OF STRIKES.

Interesting Facts from the Report of Commissioner Wright.

### THE GREAT LOSS TO THE WORKERS.

In Thirteen and a Half Years the Employers sacrificed through strikes and lockouts \$190,493,382. While Employers Lost \$91,825,837—One Half the Strikers Suffered.

WASHINGTON, Oct. 21.—In his tenth annual report, devoted to strikes and lockouts, which has just been completed, Hon. Carroll D. Wright, commissioner of labor, computes that the loss to employers in establishments in which lockouts and strikes occurred during the thirteen and a half years ending June 30, 1894, amounted to \$190,493,382, and to employers to \$91,825,837. The loss to employers on account of strikes was \$101,837,845, and on account of lockouts \$29,655,537. The loss to employers on account of strikes, \$82,500,784, and on account of lockouts, \$12,254,753.

The number of establishments involved in strikes in this period was 64,167, and the number of persons thrown out of employment by reason of strikes, 3,714,496, making an average loss to the employees of each establishment of \$2,998, and to each person involved of \$22.98.

One of the most important tables given is that relating to the causes of strikes. This table shows that more than a fourth of them were caused by a refusal to accede to a demand for increase of wages, over 12 per cent. for a refusal to concede a reduction of the determination of employers to reduce wages. There were 3,620, or almost 8 per cent. of the strikes caused by sympathetic action with other strikes, and 1,688 were occasioned by the employment of non-union men. The industries most affected by strikes in the past seven and a half years were the building trades, with 20,755 establishments involved. After these in the order of importance came coal and coke, clothing, tobacco, food preparations, stone, quarrying, etc.

Out of a total of 19,488 strikes in the entire country for this period, 5,908, or to exceed 30 per cent., occurred in twenty-six of the principal cities, while of the establishments involved in these cities, fifty-nine per cent. of the establishments engaged in strikes were closed on an average of 22 days, and 64 per cent. of those engaged in lockout for an average of 37 days, the loss of time in other cases being only temporary. In each case there were a few establishments closed permanently.

Success was gained by the employees in over 43 per cent. of the strikes, partial success in over 19 per cent., while the remaining 46 per cent. were failures. Over 48 per cent. of the lockouts succeeded completely and over 10 per cent. partially.

In the success of 4,634,002 persons

were thrown out of employment, 318,501 in those partially successful, and 1,402,988 in those which failed. Of the total number of persons thrown out of employment by strikes in the entire period of thirteen and a half years, 4.78 per cent. were females, and by lockouts 32.53.

Of the 10,482 strikes which occurred in the seven and a half years especially covered by the present report, 7,295 were ordered by labor organizations, while of the 428 lockouts of this period only 31 were ordered by organizations of employers.

Sixty-nine per cent. of all the strikes and 76 per cent. of all the lockouts of the seven and a half year period occurred in the five states of Illinois, New York, Pennsylvania, Ohio and Massachusetts, Illinois taking the lead of all the states of the union.

**Assaulted the Driver and Escaped.**  
COLORADO SPRINGS, Colo., Oct. 21.—Three prisoners, two of them express robbers, assaulted Assistant Jailor Al Cree Saturday night and escaped. They were Tom McCarthy, a scoundrel, A. J. Gray and J. G. Stuart, the last two being held for the robbery of a Wells-Fargo express stage near Grassy last April, when \$15,000 was secured. The men took guns, ammunition and a change of clothing. Then they entered the office and marched the men through to a cell and locked them in. As they left they looked the front door, gaining an hour's start before the sheriff heard of their escape. Jailor Cree is reported to be dizzy.

**Horseless Vehicle Race from Chicago.**  
CHICAGO, Oct. 21.—The motorcycle or horseless carriage race from Chicago to Watkinson and return, a distance of about a hundred miles, will be contested on Saturday next. From present indications there will be not less than forty starters in the great race. It is expected that several of the motorcycles will make the distance in less than six hours. All contestants must pass preliminary tests, at which time all impractical vehicles will be debarred from Saturday's contest. Several motorcycles from France and Germany are entered in the race.

**Arson for Revenge.**  
JENKINSVILLE, Pa., Oct. 21.—Firebombs burned the large, fine home belonging to William Neel, of Ogontz. The fire was the work of miscreants who have at two different times recently set the barn of Mr. Neel afire. The second time, the barn was completely destroyed. These miscreants have taken a dislike to the cashman employed by Mr. Neel, and threatened to burn the buildings down unless he were discharged. Their orders were not completely obeyed by Mr. Neel, and as a result the fire was started.

**French Senator Sent to Prison.**  
PARIS, Oct. 21.—Senator Edmond Perrier, who surrendered himself to the police three weeks ago to answer charges in connection with the Southern railway scandals, was pronounced guilty, but with extenuating circumstances. He was sentenced to a year's imprisonment and to pay a fine of 100 francs.

**Shot by a Black Lover.**  
BROOKLYN, Oct. 21.—Because a white woman of whom he had become enamored refused to marry him, a negro yesterday shot her and then blew out his brains. Smith died instantly. Mary Short, the woman who was shot, is still alive, and in a few days she was taken, said that there was hope that she would recover. He was 17, and she has been employed as the mistress of the Wallace building in Pine street, New York city, where Smith was an engineer. Smith visited the Short woman at her home, and proposed marriage to her. This proposition made her angry, and she persuaded Smith to leave the house. The tragedy followed.

### "A HEART THAT CANNOT SING."

The Pretty Poem Composed by a W. G. T. U. Delegate.

BALTIMORE, Oct. 21.—The delegates to the W. G. T. U. convention held a meeting in Music Hall yesterday afternoon. At the conclusion of the meeting a purity mass meeting, under the direction of Mrs. Mary Wood Allen, of Annapolis, Md., was held. Mrs. Allen delivered an address devoted to the subject of "Erasing Women," and read the following poem of her own composition:

From the butterfly's wing you've brushed the gold.  
Do you wonder it flutters no more  
In the happy sunshine, but, pale and cold,  
It lies at your feet on the floor?  
You've stolen the perfume from the flower.  
Do you wonder it hangs its head,  
And, heart-kissed, as if in care of shower,  
Stands drooping as if twice dead?  
You've cleared the song in the birdling's heart.  
Do you wonder with folded wing  
It broods all day? Why even a bird  
With a saddened heart cannot sing.  
And how can you say with a careless smile  
That it is but a little thing  
To steal the perfume, to silence the song,  
Or to turn back the butterfly's wing?  
Why, that golden dusted butterfly's wing,  
That lies there fluttered and cold,  
Was a woman's radiant innocence,  
Worth more than the finest of gold.  
And a woman's life was that perfume flower,  
No sunlight can ever illumine  
Nor kiss revive the pale, withered leaves,  
Of a life that has lost its perfume.  
And a woman's heart was that singing bird  
That broods all day in this dreary earth  
Is a heart that cannot sing.

Shot by a Catapult Hunter.

SCRANTON, Pa., Oct. 21.—A shocking shooting accident occurred at Waverly, Pa., ten miles north of here. Hugh Archibald, son of President John Archibald, with two companions, while hunting, stopped at the farm house of James Green and asked for a drink of water. While Mrs. Green was handing young Archibald a glass of water his rifle, which was cocked, slipped from his knees and was discharged. The ball entered Mrs. Green's right side below the ribs and took an upward course. Since then her life has been hanging by a thread. It is said she cannot recover. Young Archibald, Judge Archibald, and the families of all the young men, who are well connected, are grief-stricken.

### Arresting New Foundland Smugglers.

ST. JOHN'S, N. F., Oct. 21.—The general division decided to order the arrest of several persons involved in the smuggling exposures Saturday night, fearing that they would escape, and shortly before midnight four prisoners were taken, one being Michael Tobin, a leading government member of the assembly and the governor of the savings bank. Thirteen other warrants were executed today, and proceedings against the chief offenders will be taken before the admiralty court, which possesses summary jurisdiction. It is predicted that these arrests will disrupt the Whiteway government, which is evenly divided on the question of a public prosecution.

### Terribly Burned by Exploding Mine Gas.

SHENANDOAH, Pa., Oct. 21.—A frightful explosion of gas occurred at Knickerbocker colliery here, by which three men were fatally and six others terribly burned. The names of the victims are: George Karal, Charles Majak and Michael Chalk, fatally injured; Peter Burns, Anthony Sursey, Andrew Bossar, John Sopitski, Felix McCoski and Robert Lord, all seriously burned. All the men except Lord are Poles and Lithuanians. Chalk's scalp was torn off and his skull fractured. It is believed that Lord, who was a starter and carried a naked light, ignited the gas.

### An Unusually Large Lemon Crop.

WASHINGTON, Oct. 21.—The lemon crop in the Palermo district this year is an exceedingly large one, at least twice as large as last year's crop, according to a report by United States Consul Seymour to the state department. Owing to the drought and small insects, however, the fruit is not of good quality. While it is early to judge as to oranges, it is probable they will be as abundant as they were last year. Of the total average Italian crop of 10,000 boxes of oranges and lemons 3,000 boxes came to the United States.

### Grief Drive Her to Suicide.

FLINT, Mich., Oct. 21.—Mrs. Jennie Burdett, of White House Station, committed suicide by hanging herself to a rafter in her attic. Two months ago, while residing in Newark, her husband committed suicide by shooting himself with a revolver. About two weeks ago she removed from Newark to White House Station, since which time one of her children was suddenly taken ill and died shortly afterward. Her double affliction preyed on her mind and drove her to suicide.

### An Unprecedented Drought.

WASHINGTON, Oct. 21.—Reports received at the weather bureau indicate that the present drought is one of the severest, most prolonged and generally known in the United States since the bureau's organization. There are a few places which show an exception to the general condition, but in no large section of the country, unless perhaps in the northwest and far west, does there appear to have been a soaking rain for the past two months or more.

### A Young Girl Frightfully Burned.

BORDENTOWN, N. J., Oct. 21.—Miss Susan Hamilton, aged 15 years, working on a farm for Shreve Nelson, near Skylesville, a Burlington county, while building a fire under the furnace in the kitchen poured kerosene oil on it, not knowing there were live coals beneath. Her clothing caught fire, burning her from head to foot, leaving not a thread of clothing upon her body. She is frightfully burned and will die.

### Was Drowned by a Baby Companion.

CHESAPEAKE, Va., Oct. 21.—The testimony at the coroner's inquest in the case of Edward A. Trego, aged 5 years, of Darby, tended to show that he was pushed into the water at that place and drowned by a companion named Vernon Cooper, aged 4 years. The witness to the drowning was Leo George Taylor, aged 11 years.

## BRITAIN'S ULTIMATUM.

Opinions of the British Press on Salisbury's Latest Move.

### THE 'OUTRAGED BY VENEZUELAN'

London Newspapers Prove to Their Own Satisfaction that the Existing Complication in No Way Be Affected by the Monroe Doctrine of the United States.

LONDON, Oct. 21.—The St. James Gazette follows up its disclosures regarding the policy of the Right Hon. Joseph Chamberlain, secretary of state for the colonies, regarding Venezuela, and the apparent determination of the British government to uphold its claims by force of arms, by making the following important statement:

"We are in a position to state that the Marquis of Salisbury has sent an ultimatum to President Crespo, which not only sets out the demands of the British government for reparation on account of this arrest of the reputation and inspectors of police at Uman, but it also states the terms upon which Great Britain will definitely determine the boundary dispute with that republic. The ultimatum is now en route to President Crespo. If it is not already delivered to him."

The Times and The Chronicle this morning print articles explaining in detail the position of the Venezuelan matter, the American point of view as indicated by official reports issued from Washington. "There is no doubt," The Chronicle says, "that the United States is determined to bring about an early settlement of the dispute. No answer to Mr. Bayard's dispatch to Lord Salisbury has yet been received at the embassy."

The Standard says: "The Venezuelan ultimatum is unlikely to lead to prolonged or doubtful complications. The convention of 1857 has been repeatedly infringed by the Venezuelans in encroaching upon soil indisputably British. These galling and high-handed acts might have been overlooked had not the outrage by the Venezuelans authorities reached lengths no longer endurable. We shall be surprised if the responsible diplomats of the United States persist in maintaining that the Monroe doctrine has any bearing on the present case."

The Daily Telegraph says: "It is difficult to see how Monroism is applicable to the Venezuelan affair. If the Venezuelans invade British Guiana they must either be punished by us directly or they must be forced by the assumed protectors in the United States to respect international laws."

### Another Mine Victim Dead.

WILKES-BARRE, Pa., Oct. 21.—Robert Blanchard is the seventh victim of the Dorrance mine explosion. He died Saturday at the hospital. He was one of the two left at the mouth of the gangway and was badly burned, but was expected to recover.

### Condemned Murderer Resisted.

HARRISBURG, Oct. 21.—Albert W. Woodley, who was to have been hanged in Allegheny county next Tuesday for the murder of Mrs. Jennie Buchanan, has been granted a respite of thirty days by Governor Hastings.

### Hooffer Declares It a Forgery.

COLUMBIA, O., Oct. 21.—C. W. Hooffer, the Republican nominee for representative in Darke county, issues a lengthy statement in regard to the letter in which he offered to vote for anyone whom the Democratic state committee might name for United States senator if he were furnished \$1,000 to use in his election. Hooffer admits the signature is genuine, but claims the body of the letter is a forgery. He claims he is the victim of a conspiracy hatched by a high agent named Fuller, in whom he placed unlimited confidence.

### Murdered the French Prisoners.

LONDON, Oct. 21.—The correspondent of the Times at Antananarivo says: As the French advanced upon the capital the anti-European feeling became intense. A mob murdered and mutilated French prisoners and it was only the appearance of the French troops on the heights that prevented the massacre of the English and the mission hospital.

### Seven Hundred Homeless from Fire.

NEW ORLEANS, Oct. 21.—Fire broke out about 1 o'clock yesterday morning in Algiers, and before the flames were finally subdued, it strayed about 100 small buildings and about twenty more pre-fabricated structures, including the court house and a number of handsome residences. It is estimated that 750 persons are rendered homeless.

### A Woman's Murderer Sentenced.

EASTON, Pa., Oct. 21.—John Martocchio, of New Italy, this county, was convicted of shooting Infirmary Sackett with intent to kill and was sentenced by Judge Scott to imprisonment in the Eastern penitentiary for five years and six months. The shooting occurred in May last.

### Dr. Talmage's Farewell to New York.

NEW YORK, Oct. 21.—Dr. T. D. Witt Talmage preached his farewell sermon in this city last night before leaving to take up his work in the new pastorate he has assumed in Washington, D. C. It was at the Madison Avenue Presbyterian church, and the audience, which was a great one, included hundreds of people prominent in affairs and the social world. After the services were over Dr. Talmage stood on the pulpit stairs for twenty minutes saying good-bye and shaking hands with scores of his personal friends and admirers.

## LIKE THE GREAT DELUGE.

Further Details of the Storm That Swept the Gulf of California.

SAN FRANCISCO, Oct. 21.—The story of the terrible storm that recently swept the Gulf of California has only been hinted at in the earlier dispatches that have been received from Mexico. The first word picture of the gale in its awful entirety is drawn by Captain Vanhelms, master of the steamship Williamette Valley, who has just arrived from the region devastated by the cyclone. It is now apparent that this whirling whirl storm will go down in history as one of the most fearfully destructive ever known.

The difficulty in getting news from the wind swept and water ruined country has seemed as strange as the storm itself. The cyclone swept over a country remote from railways and all means of communication. The telegraph wires were all prostrated, and many of them will remain down for weeks to come. At Guaymas little or nothing seemed to be known. Letters received from points within the stricken area were incomplete, full of doubts, uninteresting and mostly written in Spanish, and poorly written at that. These reasons and others as potent will account for the fact that the world will first learn of the partial destruction of the capital of the state of Sonora through Captain Vanhelms, nearly three weeks after the cyclone.

The fury of the storm was not most felt at Lazpaz, as had been supposed, but at the interior plateau area of Culiacan. The storm burst in the mountains back of this important town, and the waters worked an awful wreck. Between twenty-five and thirty people were drowned outright, and many others were injured in the engine flood that rushed through this city. Culiacan is an historic city. In it are the state buildings of Sonora. Back of it are some of the richest silver mines the world has known. It is a town of fully 11,000 people. The Culiacan river runs through it.

When the storm struck the ridge of high mountains back of the city there was such a downpour of rain that in an incredibly short time the canyons were full of water, pour up by the thousands, with which it fell. After the climax and the fury of the elements was reached this water descended from every side to valley and valley to plateau with a fierceness never before known in that part of Mexico.

### Not a Successful Mine Strike.

PHILADELPHIA, Pa., Oct. 21.—The indications are that the miners' strike will not amount to much in the Clearfield and Beach Creek coal regions, whatever it amounts to in other regions. At Osceola Saturday night a mass meeting was held, and was attended by miners from all the mines in that district, some eight or ten. On the question of going on strike the vote was almost solid against, and a resolution was adopted not to attend any mass meetings in neighboring towns. Following the Beach Creek railroad the following mines voted against going on strike: Paradise, Lancashire No. 2, Glenwood, Gearhart, Decatur, Royal, Acme and Forest. The Philadelphia miners voted to suspend work until Thursday, and if the balance of the region was not out by that time to return to work. It is believed the Houshake miners will take the same action as the Osceola miners.

### Outside Aid Saved the Town.

SCRANTON, Pa., Oct. 21.—A disastrous fire occurred early yesterday morning at Foster, a village on the Lackawanna road, twenty miles north of here. The flames originated from the explosion of a lump in I. W. Tiffany's store, and consumed three stores, two dwellings, two barns and the Methodist church. A high wind was blowing, and the residents were almost powerless to check the flames, as the town has no fire department. A telegram was sent to Hazlet, fifteen miles up the road, and a steamer and horse car from that town were sent by a special engine to Foster. The run was made in fifteen minutes, and the destruction of the greater portion of the village averted.

### Stokes Wins His Case Against Mackay.

NEW YORK, Oct. 21.—The court of appeals of this state has decided in favor of Edward S. Stokes in his celebrated suit against John W. Mackay. The decision means that Mr. Mackay must pay at least \$200,000—\$75,000 with interest since 1881. It means more, that a note for \$70,000 of C. H. Reed & Co., of which firm Stokes was a member when the note was made, will be rendered void if Stokes returns certain securities to Mr. Mackay. Mackay's lawyers today apply for a temporary injunction.

### A Venerable Couple Murdered.

HOT SPRING, Mich., Oct. 21.—Fritz Kramer, aged 65, blind, and his wife, aged 55, were found dead in the cellar of their home, having been murdered during the night. Their throats were cut from ear to ear. The couple kept a sporting resort for a number of years, and had laid away considerable money, which it is known they had in the home. No one can be found on the premises, and it is believed robbery was the motive for the murder.

### Death of Korea's Queen Confirmed.

YOKOHAMA, Oct. 21.—News-paper advices received from Seoul say that the Korean government confirms the news of the queen's death. It is reported that the Russian minister has protested against the Korean administration of state affairs in Korea by the Empress Dowager, the father of the king, and has demanded that the king should administer affairs. It is believed that if the protest is ignored an ultimatum will follow.

### A Mother's Terrible Death.

YORK, Pa., Oct. 21.—Mrs. Henry Zorbaugh, aged 30 years, wife of a farmer residing at New Salem, this county, was so badly burned that she died in terrible agony. While engaged in boiling apple butter her clothes became ignited from the fire under the kettle, and before it could be extinguished she was burned to a crisp. She leaves several small children.

### Mine Fire Extinguished.

WILKES-BARRE, Pa., Oct. 21.—The fire in the Hoy shaft of the Pennsylvania Coal company was extinguished after twenty hours' hard work. The Eagle Hose company, of Pittston, rendered valuable aid in subduing the fire.

## INSANE IN HIS HOME.

Aristocratic Chicago Neighborhood Terrorized by a Madman.

### SHOT AT ALL WHO CAME NEAR HIM

For Seventeen Hours G. S. Merwin, a Respected Chicago Merchant, Kept Police and Friends at Bay, and Was Finally Captured by a Raz.

CHICAGO, Oct. 21.—Armed with a Winchester rifle and a revolver, a madman defied the police for hours yesterday at No. 55 Woodland Park, in one of the most aristocratic residence districts of the city. Barred and locked in a second story room, commanding a complete view of the park, the lunatic splintered doors, shattered window panes and tore holes in the plaster of the room with ballers from his rifle, while he shouted defiance to the police and others attracted to the scene.

The insane man was G. S. Merwin, of the firm of Tiggers, Brown & Co., pig iron dealers.

After seventeen hours' effort the police, by strategy, surprised and overcame the madman. Although he had fired 140 shots from his rifle and revolver Merwin injured no one, but a number of people had narrow escapes.

After every other attempt to capture the insane man before he should kill some one or injure himself had failed, sulphur was burned in the furnace. All the registers were closed excepting the one in the room occupied by Merwin. In an hour after the sulphur fire was started Merwin, partly overcome by the fumes, laid down on his bed and was secured with but feeble resistance.

The aristocratic circle of Woodland Park was greatly excited in the morning when it became known that Merwin had suddenly gone mad, driven his wife in terror from their home, and was roaming through the house, armed with a revolver and a rifle. Woodland Park is fringed with elegant residences, occupied by families of wealth and culture, and the park grounds serve as a beautiful lawn for all who live within the enclosure.

Mr. Merwin on Saturday afternoon attended a concert at the Auditorium. Mrs. Merwin was ill and did not go. When Mr. Merwin returned home early in the evening he complained of a pain in his head. As the evening wore on his headache grew worse. He applied such remedies as were at hand, but they did not relieve him, and in the middle of the night he suddenly sprang from his bed and, seizing his rifle, chased his wife to the kitchen. Throwing up a window the terrified woman leaped to the ground, ten feet below, and ran to a neighboring house, where she was cared for.

The police were notified and three men were sent to the Merwin residence. As they tried to enter by a rear door several shots were fired at them, while the insane man yelled at them, calling them burglars and saying he would kill the first man coming up the stairs. Friends of Merwin were sent for, and tried to reason with him, but it was useless. He fired shots at the neighboring houses, breaking windows and causing the inmates to take refuge in the rear rooms. One or two bicyclists passing by were fired at by Merwin's aim was bad and they escaped with a bad scare.

The police obtained chloroform and squirted it into the room with a syringe through the keyhole, but Merwin was shrewd and threw up the windows, thereby neutralizing it. Finally at about 4 o'clock in the afternoon sulphur was procured and placed in the furnace, and Merwin was soon overcome. The unfortunate man was taken to the Detention hospital.

Merwin is 35 years old. He came to Chicago five years ago from New Haven, Conn., where he was reared. Three years ago, while in the iron range in the Tennessee mountains, Merwin was kicked in the head by a horse, and to the consequent brain injury his present condition is ascribed. He was married a year and a half ago to a prominent young lady of New Haven, Conn., and is a member of the Union League and several other prominent clubs.

### To Cast a Monster Bell.

CINCINNATI, Oct. 21.—Preparations for the casting of a mammoth church bell have been going on for some weeks at the Buckeye Bell foundry in this city. The bell will be larger than the famous 132-ton bell at Montreal, which is now the greatest on the continent. In ornamentation it will surpass all bells in existence, and will be the largest swinging bell in the world. It will supplement a chime of 40 bells. The clapper weighs 600 pounds. It is to swing in St. Francis de Sales church.

### Michigan Village Bled Out by Flame.

BEXTON HARBOR, Mich., Oct. 21.—The village of Riverside, a small place of 150 inhabitants, on the C and W. M. railway, about seven miles north of Benton Harbor, was completely wiped out by fire. The wind was blowing a perfect gale, and the facilities for fighting fire were very meager. A score of dwelling houses, saw-mill, three stores, the postoffice, cooper and blacksmith shops, railway depot and some other places were completely destroyed.

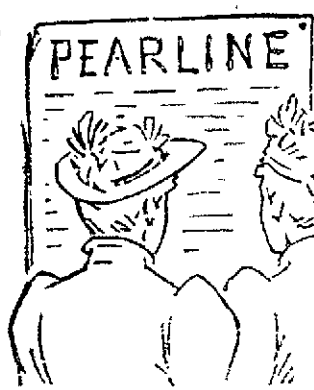

### Silver Senators Demand.

WASHINGTON, Oct. 21.—Senator Teller, who has just arrived in Washington for the winter, said today that the silver Republicans in the senate would not agree to the reorganization of the senate by the Republicans when congress reconvenes except upon conditions that they be allowed to fill the vacancy on the finance committee, caused by the retirement of Senator McPherson.

### No Compromise with Cuban Insurgents.

MAYAGUEZ, Oct. 21.—Senor Canovas del Castillo, minister of foreign affairs, is quoted as saying that it is impossible that Spain should come to terms with the Cuban insurgents. Advice received here from Cuba say that General O'Leary's column of 600 insurgents in the district of Los Remedios, and thirty of the insurgents were killed.

## Keep your eye on Pearlina "ads."

Even if you use it already, you'll find things here and there that will greatly help you. And there isn't a man, woman, or child but can be helped by Pearlina.

All these advertisements are sent to the good of Pearlina, to show you the best and easiest and cheapest way of washing and caring for your hair. But if they do, they will have helped you far more than they will have helped Pearlina. You have more at stake. All the money you could bring to Pearlina, by using it, wouldn't be a drop in the bucket to the money you'd save by it.

Send it Back Readers and some mercantile stores will tell you "this is as good as" or "the same as Pearlina." IT'S FALSE—Pearlina is never peddled, and if your grocer sends you something in place of Pearlina, be honest—send it back.

that is built of sorry, half-seasoned timber, that twists, shrinks and warps like raw leather in the sun. Makes no difference whether you are going to spend \$500 or \$5,000 on a house, you ought to select good, well seasoned and well-worked lumber. It's the cheapest in the long run, and always the safest and most satisfactory. Let us furnish figures when you get ready to build, and show you our stock.

### A MODERN FABLE.

The Horse, the Bike and the Trolley and What Happened.

A horse, one day, while serenely nipping the tender blades in his fence environed field was suddenly startled by the whir and swish of swiftly darting objects which passed and passed along the country road with electrical swiftness. Tricking up his ears he ceased nibbling in his succulent meal and with great curiosity looked over to the worn fence and rested his jawbones on the top rail. With distended eyeballs he gazed at the curious sight before him.

"And so this little affair is the new horse," he meditated. "Certainly it has my best wishes, for has it not given me a well earned rest and allowed me to enjoy unalloyed by work my glorious life in this sweet scented clover field? No more need I fear the cruel snare or the cutting lash of a hotheaded man."

With much solicitude the horse asked, "What might your name be?" "Bike," curiously answered the little affair as it designed to cast a haughty look upon the gentle eyed, big hearted horse.

"If I am not mistaken, I heard you say a moment ago that you were tired. If you will come with me to the pond, I will refresh you and give you my bed of new clean straw in the barn yard that you may rest."

Whereupon the little affair gave his well meaning sympathizer the horse laugh "Oh, my, my, but this is good—a regular scorcher." And the little affair broke out in uncontrollable mirth.

"I see no cause for such levity," indignantly interrupted the horse, at last aroused to a sense of the ridiculous position in which he was placed. "You said you were tired, weary, and..."

"Ow, wow!" howled the little affair as he kicked his sides with his pedals in his great glee. "By my country mark, but you are good—only, you are being a bird with four wings. Yes, I am tired, pneumatic tired, but not weary."

And again the little affair laughed so heartily that it slipped a cog and fell rolling in ecstasy in its bed of mullin leaves.

Where once had been love and sympathy there now dwelt deep and undying hatred, and as the horse trudged toward the barn his heart fairly ached for an opportunity to return the indignity which had been heaped upon his honest ignorance.

"I will do it," he said, with a suddenness and determination which fairly startled him. "I will do it this very night I will leap over the meadow gate and prance my proudest into the big city where the little affair makes his home. I am now strong, fat and sleek and have every reason to be proud of my beautiful appearance. My master has no further use for me since the advent of the little affair, and thus I will not be missed or censured for my absence."

Thus uttering the action to the word the horse leaped nimbly over the meadow gate and with graceful strides, arched neck and proudly curved tail he clattered along the country road and into the city of myriad lights, the home of the little affair. Up the grand boulevards he pranced, soon to be surrounded by countless numbers of his swift speeding little rivals. His appearance among them was apparently unnoticed save by such remarks as "Poor old fellow, how useless," "Even the race tracks have turned him down," "How slow he moves." The horse grew enraged.

"Surely this army of little affairs should be chastised and with my strong iron covered heels I will teach them a lesson." Whereupon he backed up to a group of his tormentors and scattered them like chaff before a mighty storm. Fired with the complete victory he had achieved he glared about him with a burning desire to further show his prowess. Catching sight of a monster little affair moving through space toward him much faster than he had ever dreamed of, he ran with eager haste to meet and annihilate it.

"This no doubt is the head of the house of little affairs—the daddy of the whole push, so to speak," he hissed as he sprang directly in front of the keen singing, sputtering, swift moving object.

While—zip—bang—biff—kerplunk, and the jealous, crazed horse with a groan was thrown high in the air, alighting in the street gutter mortally wounded, while the trolley, the supposed daddy of bike or the little affair, smiled merrily on his way without giving the occurrence the slightest thought, simply cutting another notch in his big stick.

They gathered about the horse, who was in a terrible mess, and listened to his words. "In case—" "In case," you mean," unfeelingly uttered the little affair, "for soon you will be put to the only known use which you can be on this earth. You will be packed in a box labeled 'scrap,' and on its cover will be stamped in large, black letters the word 'Bicycle'."

"Nonsense!—Nonsense!—Nonsense!—Keep out of the hand wagon if you can't play a horn—Chicago Tribune."

Deafness Cannot be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE PRESIDENT COMING TO MIDDLETOWN.

The Sick May Receive Medical Services Free of Charge.

The President and members of the European and American Staff of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middletown, on

Tuesday, October 29th.

one day only. The sick and afflicted may consult them without charge during their stay.

If you are incurable they will tell you; therefore invalids must not take offense if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effected. These Doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to and at the command of this staff of doctors, it is reasonable to believe that in ninety cases out of every hundred a cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor cannot give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you such advice as will tend to prolong life and afford you the greatest relief.

The doctor visits Middletown one day each month. Will be at 21 Broom street, Port Jervis, Wednesday, Oct. 30th. Office hours from 10:30 a. m. to 6 p. m.

### Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was taken down with pneumonia, succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at McMonagle and Rogers' Drug Store. Regular size 50c. and \$1.00.

## KNOWLEDGE

Brings comfort and improvement and adds to personal enjoyment when taken. The many who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid extractive principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, liver, and bowels without weakening them and it is perfectly free from any objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## FORMER MIDDLETOWNER IN TROUBLE

C. F. Sadlier Arrested in Newburgh on a Charge of Larceny.

Clement P. Sadlier was arrested in Newburgh, this morning on a charge of larceny in the second degree preferred by Percy C. Baldwin, General Manager of the Equitable Life Insurance Co., for which Mr. Sadlier was an agent in this city.

The specific charge on which the arrest was made was that he had collected from James H. Horton, of this city, \$160 in premiums, of which he only turned in \$85.

Mr. Horton was called to Newburgh and a preliminary examination was held, but Mr. Sadlier wanted counsel from Newark and a further hearing was postponed. Mr. Sadlier's bond being fixed at \$500.

After Mr. Horton had left the city, Mr. Sadlier changed his mind and demanded a hearing, which was set down for 2:30, this afternoon.

Mr. Sadlier resided in this city several years and was for some time Superintendent of the Prudential Insurance Co.

When arraigned, Mr. Sadlier entered a plea of not guilty. He was remanded for examination at 2:30 p. m., to-morrow.

## A RARE MUSICAL EVENT.

"The Holy City" to be sung by Male Voices at the Grace Church Jubilee—The Programme.

The musical programme arranged for the semi-centennial anniversary of Grace Church, to be held next Wednesday evening in that edifice, will be rendered by forty voices, accompanied by one of the most celebrated American harpists.

The best voices of the noted choirs of the Church of Holy Trinity, New York city, and of Garden City Cathedral, Garden City, L. I., have been associated, at large expense, for this occasion.

Whether in number of highly educated voices or in quality of voices the event will, the managers are most confident, prove something unique in county musical annals.

A surprise of the evening is to be looked forward to in an adult male soprano, who possesses one of the most remarkable voices ever heard.

The programme is:

- INTRODUCTORY SERVICE.  
Processional Hymn 462—Sing Alleluia.  
Magnificat in D. .... (Choir)  
Hymn 408—Jerusalem the Golden.  
THE HOLY CITY.  
1. Introduction—Instrumental.  
2. Chorus—"No Shadows Yonder."  
3. Air, Tenor—"My Soul is Aching for God."  
4. Trio—"It shall come to pass that at even time it shall be light."  
5. Chorus—"They that sow in tears shall reap in joy."  
6. Air—"O how I have seen thee, dear country."  
7. Chorus—"For thee, O dear, dear country."  
8. Chorus—"Thine is the kingdom for ever and ever."  
9. Intermezzo—Instrumental.  
10. Air, Bass—"When shall the Lord, 'behold I create new heavens."  
11. Air, Tenor—"To the Lord our God belong the powers."  
12. Semi-chorus—"The living pot is for silver."  
13. Air, Soprano—"These are they that came out of great tribulation."  
14. Quartette and Chorus—"List the cherub host."  
15. Chorus—"Great and marvelous are thy works."  
Benediction.  
Recessional Hymn 357.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. W. D. Olney.

## ONTARIOS AT CHURCH.

Annual Sermon to the Company by Chaplain J. W. Norris—An Ear-riest and Eloquent Address from the text: "Let No One Take from Thee Thy Crown."

Rev. J. W. Norris, chaplain of Ontario Hose Company, preached his annual sermon to the company at the North Street Congregational Church, last night. Twenty-two members of the company were present in full uniform, and the church was well filled with an interested audience.

Mr. Norris took as his text Rev. iii:11, "Let No One Take from Thee Thy Crown." He said: "There is a tide in the affairs of men which is constantly sweeping them forward to success or destruction, according to the advantage they take of it. Ancient Greece took proper advantage of this tide and, in her zenith, Greece was far advanced in art, literature and music, and wore the crown of culture above all other countries of her day. Rome once held the crown of military prowess, but, alas, Rome grew wicked and corrupt; each man thought but of his own personal pleasure and ambition, and where is Rome's crown now?"

"Israel wore the crown for keeping the spiritual relation between God and man."

France lost her crown to England at Waterloo and this crown is now worn by England and America, her greatest daughter, whose progress and development were shown at the World's Fair, held at Chicago, which was the most magnificent demonstration the world has ever seen.

The American rebellion was the greatest struggle ever seen in America and the tramp of the Northern army was the tramp of the grandest cause for which men ever battled. Daniel Webster held America's crown for statesmanship, and America now holds the crown for theological thinking.

Can America hold her crown? It depends upon the individual. Moses wore the crown, so did Paul, so did George Washington. Napoleon lost his crown, so did Caesar, so did Nero. And we can not keep the crown as a nation unless we strive for it individually.

The members of Ontario Hose keep their place by being true to the rules and standards of their company, and when the muster roll is called on the further shore they must be able to say that they have been true to the standard of their God.

Mr. Norris reminded his hearers that two members of the company had looked into eternity and stood face to face with death, but were called back to life and given an opportunity to be true to life and its duties. He closed with an earnest appeal to all within reach of his voice to wear in life the crown of duty to God and man well, so that they might be fitted to wear in the life beyond the crown of glory that God gives to those who love and serve him.

## TRIED TO STEAL UNDERWEAR.

A shoplifter caught in the Act and Kicked into the Street.

A young man entered the store of Chas. Wolff & Son, on James street, Saturday morning, and made a small purchase. He returned again in the afternoon and his suspicious actions caused Mr. Louis Wolff to stop him as he was leaving the store and ask him why his vest bulged out in front. Two suits of underclothing were found on his person, and, after administering a parting kick, Mr. Wolff allowed the fellow to go free.

## A Former Middletowner Sent to Danemora Prison.

Frank C. Blen, a cigar maker, a former resident of this city, has been sentenced to four years in Danemora prison for grand larceny, committed at Fort Edward, N. Y., where he stole \$200 in money, a check, scarf pin and numerous other articles of jewelry from the hotel at which he boarded. His wife still resides in this city.

## A Very Old Lady Falls Down Stairs.

Mrs. Caroline Lisle, an eighty-year-old Newburgh woman, fell headlong from the top to the bottom of a flight of stairs, Saturday morning. She sustained a severe scalp wound and of course suffered from the shock, but after her wound was dressed she was able to walk to her daughter's home, some distance away.

## A Birthday Party.

Miss Nellie Vail, daughter of Mr. and Mrs. W. D. Vail, of Hanford street, gave a party in honor of her birthday, Saturday evening. A large number of her young friends attended and a merry evening was spent.

## IN ANCIENT GOSHEN.

The Entertainment at Interpines—The King's Daughters to Give a Tea Next Week—The Next Vocal Society Concert.

From a Special Correspondent.

—An audience of over a hundred people assembled at Interpines, last Wednesday evening, to hear Miss Jean Stuart Brown recite "A Winter's Tale." Miss Brown is an eloquent of some reputation, having given recitations before fashionable audiences in New York last winter. To say that she held the attention of her hearers during a recitation that lasted two hours is no small praise of her ability. She kept the individuality of each character in the play clear and distinct, but was particularly happy in her conception of the part of Paulina. The house was tastefully decorated with palms and other potted plants and an orchestra of two violins and a piano furnished music for the occasion.

—The Daughters of the King will give a tea next Wednesday afternoon from 3 to 6 o'clock at the residence of Mrs. Henry Merriman. The gentlemen of the village are especially invited to be present. The proceeds of the tea will be devoted to the relief of the village poor.

—Although the music to be sung at the next vocal concert, which is to take place at Music Hall, next Friday evening, is of a lighter character than that usually rendered by the society, it will perhaps be none the less pleasing to many. The programme will contain a number of very attractive glees, some duets and quartettes, and several solos by a famous New York cellist. Tickets for the concert are now for sale at the store of C. E. Millsap. An extra rehearsal for the chorus will be held at Music Hall, on the evening of Oct. 24th, at 7:45. After the concert the society will begin rehearsing "The Chimes of Normandy," which they will give probably during the winter.

## IN A RAIL-ROAD SHAKE-UP.

The Accidental Application of Air Brakes Gives a Middletowner and His Wife an Exciting Experience.

Mr. and Mrs. J. M. Northrup, of this city, were passengers on a train from New York to Yonkers, Saturday night. When the train neared the depot the engine was cut loose, the intention being to let the cars run into the depot of their own momentum.

Whoever uncoupled the engine forgot the air pipe, and as the engine darted away the pipe snapped, there was a loud report and the cars stopped instantly, pitching the passengers in all directions.

Mr. and Mrs. Northrup sat facing each other; the latter was thrown violently against her husband at the first shock and then fell backwards, striking her head against the seat, receiving a severe bruise.

Mr. Northrup was so excited that when the thing was all over and a lady picked up a hat and handed it to him, he placed it upon his own hat which was on his head and didn't know the difference until his wife called his attention to it.

## A Former Middletowner to Be Married

Mr. John L. Crist, traveling auditor of the Great Atlantic and Pacific Tea Company, a former resident of this city, will be united in marriage, Thursday, Nov. 7th, with Miss Estella Josephine King, daughter of Mrs. Mary A. King, of Akron, Ohio. Mr. Crist's sisters, Mrs. W. N. Knapp and Mrs. S. T. Chiseman will attend the ceremony.

Look out for cold at this season. Keep yourself well and strong by taking Hood's Sarsaparilla, the great tonic and blood purifier.

Acts at once, never fails, One Minute Cough Cure. A remedy for asthma, and that feverish condition which accompanies a severe cold. The only harmless remedy that produces immediate results. W. D. Olney.

## Hunting Deer in Pike County.

Messrs. J. Gunther, A. T. Berthold and Cuno Musbach, of this city, and Messrs. John Bull and Frank Mills, of Circleville, went to Schoola Falls, Pike county, Pa., to-day, for a few days' deer hunt.

## TUXEDO GALA DAY.

The "Largest Day" Goshen Has Ever Seen—A Novel and Varied Program—The Prize Winners—The Speed Contest.

Darkness put an end to the "Tuxedo Gala Day" at Goshen, Saturday afternoon, before the programme had been completed. Only one heat of the 2:34 class could be trotted, and the race was postponed until 1 o'clock, this afternoon.

The general opinion is that Saturday was one of the "largest days" Goshen ever saw. Of course there have been larger crowds within the enclosure known as the Goshen Driving Park, but it is doubtful if ever before was such a gathering of wealth and beauty seen on the grounds.

The programme was a novelty to the great majority of the spectators who were delighted with the high jumpers, the high steppers, the polo ponies, the tandem teams and the four-in-hands. Of course the owners and their coachmen came in for their share of admiration or criticism, as the admirer or critic saw fit to bestow it.

The extremely "English-donkey-know" costumes worn by most of the gentlemen from Tuxedo were a revelation to some of their "rural" brethren from this end of the county, who stood or moved about in groups, watching the waver as though they, instead of the horses, were the curiosities on exhibition.

The events participated in by society's horses were as follows:

High Steppers—Blue ribbon to Mrs. S. H. Howland's chestnut gelding, a grand actor, 14.1 hands, trotting bred. Red ribbon to Miss Benning's chestnut, driven by the owner, and the yellow ribbon to S. S. Howland's rearing gelding, driven to a track end by T. J. Leeson.

Stallions—Blue ribbon to Mrs. E. H. Harlan's pair of bays, Pilgrim and Francis; red ribbon to C. D. Coudert's chestnut leader and gray follower, and third to E. J. Lillard, Jr.'s, chestnut geldings, Zedee and Zebillie.

Saddlers—First to J. A. P. Ramsdell's chestnut mare Daisy Dare, by Chester Darcy, second to Mrs. Harriman's bay gelding Piglet, and third to C. D. Coudert's chestnut mare.

High jumpers—First to Mrs. S. S. Howland's brown mare Lady Bird, and second to S. S. Howland's bay gelding The Earl.

Stallions—J. A. P. Ramsdell entered three Arab and Arab-American stallions, and the blue ribbon was awarded to the white stallion Shab Ab, imported by Mr. Ramsdell; second to the bay stallion Lass-Louis, and third to the Arab-American chestnut stallion Islam.

As these events were interspersed between the heats of the trotting races, the crowd could find no fault for lack of variety.

The trotting events were interesting, but rather one-sided in all but one race, the 2:26 class, which required six heats to decide it.

The summary is as follows:
